Frontend Technologies

React.js | Next | Vue.js | Redux | Context API

Backend Technologies

Node.js | ExpressJs | PostgreSQL | MongoDB

Version Control

Git | Github | Gitlab

Testing & Deployment

Storybook | React Testing library | Playwright | Jest | Docker

EXPERIENCE

Software Engineer

Agilicent, Uk

May 2023 – July 2023

- Spearheaded the development of the DDNA conference check-in software, a critical solution for the largest conference in Belfast. Leveraged JavaScript and React Framework to create a seamless and user-friendly check-in experience for over two thousand attendees, earning high user satisfaction and positive feedback from conference organizers.
- Improved the Scorebeo live sporting application serving 40,000 users through bug fixing, feature implementation, and real-time updates using React Native.

JavaScript Developer

Keana BV, Netherlands

Oct 2022 – March 2023

- Contributed to the development of a cutting-edge logistics app using Vue.js, delivering real-time updates to a substantial user base and optimizing front-end applications for exceptional performance and scalability.
- Implemented Playwright and Storybook testing for UI elements, analyzing user behavior and feedback to drive iterative improvements and optimize user engagement.
- Conducted thorough code reviews and introduced best practices, resulting in a 20% increase in code quality and maintainability.

Front-end Developer

Spinel Consulting, Nigeria

Sep 2021 – Sep 2022

- Led conversion of UI/UX design concepts into fully functional web applications, ensuring seamless integration with both internal and third-party REST APIs, culminating in an optimized user experience and impacting over 10,000 users.
- Collaborated with cross-functional teams of designers, developers, and managers to create beautiful and intuitive user interfaces, resulting in increased user engagement and page views.
- Contributed to the development of a successful marketplace application using JavaScript, React, Redux, Tailwind CSS, and Material UI, driving a substantial 30% increase in user engagement and sales.

Web Developer

Digital Nation, Nigeria

Sep 2019 – Sep 2020

- Leveraged various CMS tools, including WordPress (Elemento, Visual Composer), and programming languages such as PHP and JavaScript to deliver high-quality websites and landing pages.
- Conducted proper Domain, Hosting and DNS service management for clients.
- Conducted physical and online classes on programming languages and technologies, including HTML 5, CSS 3, JavaScript, jQuery, PHP, and WordPress, through LearnPOD Academy.

PROJECTS & OPEN-SOURCE

Open-Source Contributor at Storybook

- Actively contributing to the Storybook project, collaborating with a global community of developers.
- Participating in code reviews, bug fixes, documentation improvements, and feature enhancements.
- Gaining practical experience in maintaining code quality, version control, and collaborative development workflows.

[www.bitshub.africa](#) | [Demo](#)

- Spearheaded the conceptualization and development of Bitshub, an innovative eCommerce app, from ideation to 90% completion, leveraging Node.js, React.js, JavaScript, Tailwind CSS, Redux, Material UI, and Mongoose, culminating in the scheduled launch to production on 1st December.
- Led a team of developers, assigning tasks, providing guidance, and conducting code reviews, resulting in significant skill growth and a 25% reduction in development time.

EDUCATION

Master of Science – Data Analytics

Ulster University

2023

Northern Ireland, UK
